## ***LIGHT SPEED RUNNING***

Lyrics: Ivano Gobbi

Music: Emanuele Rognoni / Luigi Bellone

Cleanin' the dirty floor  
From blood I leaved before  
Kneel onto filthy ground  
Won't hear this painful sound  
Eternal mutation from life to death  
Morality violator controls my hands

Nameless feeling, bleak and blasted  
Son of fury, primal instinct  
Mislaid redemption becomes my great obsession

Something's growin' under my skin  
Braked being born from lies  
These evil memories lets start my own destruction

God, I need a disinfection  
God, heal this bad creature

Wild drums thundering  
On this dead land  
Shaking all the Earth

Wistlin', twistlin'  
Like an arrow  
Aim your inner voice

Tribe of naked  
People dancing  
'till the dusk of time

Fires burnings – totems risings – under the shaman's eyes  
Voodoo ritual – cursed magic – call the unholy ghost  
Cleanin' the dirty floor  
From blood I leaved before

Cleanin' the dirty floor  
From blood I leaved before  
Kneel onto filthy ground  
Won't hear this painful sound
